

## INTERNSHIP TECHNOLOGY INVESTMENT BANKING ANALYST – APRIL-MAY 2018

---

This is a unique opportunity:

- To join a **super dynamic Pan-European** Corporate Finance Boutique fully dedicated to **Internet Start-Ups and Grown-ups**.  
Alpha Capital Partners UK has completed over **100 Fund Raising and M&A transactions** for fast-growing Internet/Technology start-ups (including **Deezer, JobTeaser, Festicket, Evaneos, Prestashop, BackMarket** etc.) with Tier-1 US & European investors (**Accel Partners, Index Ventures, Partech, Idinvest, Alven Capital etc...**).
- To be the **right-hand man/women of two Senior Partners** as a direct report, implication and training.
- To **interact directly with start-up CEOs** as their trusted strategic advisors who help them build Internet success stories.

Given its strong execution pipeline, the firm is currently looking to hire an Analyst Intern for a **6-to-12-month** internship based either in **London or Paris**.

### Assignments:

**Front-line responsibilities** on transactions throughout the entire process, from beginning to closing:

- Build and structure Investment Pitch Presentations (Strategic Review, Equity Story, vision and 5-year Plans, Financial Analysis)
- Business Plan Modelling
- Due Diligence Process Management
- Support to Legal frameworks negotiations
- Organise and participate to roadshow meetings with Venture Capital investors in Europe & the USA
- **Customer-facing** interaction with CEOs and important responsibilities for entrepreneurial candidates

Outstanding performance throughout the internship may lead to a permanent position.

### Requirements:

- The ideal candidate will be a highly entrepreneurial and independent individual with demonstrated analytical, strategic and financial skills.
- Slack, PowerPoint & Excel are mastered with rigour and synthesis DNA.
- The candidate will be capable of working under tight deadlines within a small organisation and report directly to Senior Partners.
- Strong academic record is required, with a preference for Tier 1 European Business and Engineering schools and universities.
- The candidate should also have a strong knowledge in corporate finance and accounting, with past experience in investment banking, strategic consultancy or audit.
- **The candidate should demonstrate a keen interest/passion for Entrepreneurship, Internet/Technology and agile/out-of-box/next-generation Investment Banks.**
